

ECOxy Final Conference

NOVEMBER 30TH 2020

Bio-based, recyclable, reshapable & repairable (3R)
fibre reinforced thermoset composites

- 9.00 Registration
- 9.30 Welcoming
- 9.40 BBI JU introduction (Ana Cuadrado – BBI Project Officer) (5 min)
CIDETEC & CDTI representatives (5 min)
- 9.50 Ecoxy presentation (Coordinator) (10 min)
- 10.00 Sustainable components for composites from renewable feedstock (30 min)
 - Biobased Resins from natural sources (Specific polymer, CNRS) (10 min)
 - Biobased reinforcement fibres (CENTEXBEL, F&D, Avantium) (10 min)
 - Questions and discussion (Moderated by Cidetec) 10 min
- 10.30 Break (15 min)
- 10.45 Processings (30 min)
 - Fabrication (Fraunhofer, Aimplas) (10 min)
 - End of life (Cidetec, Aitiip) (10 min)
 - Questions and discussion (Moderated by Aitiip) 10 min
- 11.15 Round table of end users: Market opportunities for Ecoxy solutions (50 min discussion)
 - Automotive (*Centro Ricerche Fiat*)
 - Construction (*Bergamo technology*)
 - Railway (*Talgo*)
 - Aeronautics (*Airbus*)
 - Materials platform (*Materplat*)
- 12.05 Break (15 min)
- 12:20 Round table of End of life Ecoxy solution (30 min)
 - Aeronautics dismantling platform (*Plata – Teruel Airport*)
 - Advanced valorization processes (*ECRT*)
- 12.50 Conclusions (*Coordinator*) (10 min)
